

Due Diligence Services

Trusted Professionals

Amazing due diligence services

Due diligence is a process that helps in strategic decision making for investments, mergers and acquisition, joint ventures, and other alliances. Due diligence process which starts with formulation of strategic questions and their answers and ends with impact on the business.

followed by investments, mergers and acquisitions, strategic alliances and joint-ventures.

Due diligence process activity needs extensive functional experience of consultants in industrial management implement.

We help clients in value creations during and post due diligence services after investment, mergers and acquisitions, alliances and Joint-ventures. As a part of our due diligence process, we help clients to harness fruits of investments by creating value by increasing cash flow.

HOW WE CAN HELP:

The scope of the due diligence review, which is always determined in conjunction with you, depends on the size and scale of the transaction and the surrounding risks. Our due diligence service focuses on the most critical elements of transactions, including:

- identifying and quantifying industry and deal-specific risks and opportunities.
- evaluating quality and reasonableness of historical and projected earnings and cash flows assessing quality of assets.
- identifying hidden costs, commitments and contingencies.
- identifying and quantifying tax exposures.
- identifying and quantifying liabilities that can be deal breakers, and
- highlighting issues likely to affect the purchase price or contract conditions.

OUR APPROACH

Practitioners in our due diligence services group are seasoned accounting and tax specialists who provide value-added services to corporate and private equity clients on a daily basis and have a deep understanding of India's unique challenges such as:

“
*You can bank on us....anytime,
everytime*
”

- disparity in accounting principles and quality of financial information.
- lax internal control, transparency and corporate governance standards.
- proliferation of related party transactions, and
- complex and evolving tax rules and regulations.
